

Content Specialist

Title: Full-Time Content Specialist (Video/Photo)

Location: Regina, SK

Reports To: Director of Development

Your knowledge of camera settings, understanding of lighting colour, shape, intensity, and positioning, are outshone only by your supreme composition skills. In short, you have mastered capturing a three-dimensional world of action and interest on a two-dimensional medium and can do so with whatever device is handed to you... be that a small-form action camera, video camera, drone, DSLR, or cell phone.

You also understand that, in video, sound is often more important than that which is visible and so, treat the audible accordingly.

You are ambitious, excessively orderly, borderline fussy, possess excellent time management skills, and have an insatiable desire to learn. You treat and maintain equipment with great care.

You are familiar with the Adobe Creative Cloud suite of applications and editing tools (Lightroom, Photoshop, and Premiere Pro), and are comfortable working with them on both Apple and Microsoft platforms.

Your skills in animation and graphic design round off your technical knowledge.

Functions: As a new member of our existing Content Team, your abilities and skills will compliment the efforts of others.

As a Content Specialist, you will assist in the capturing of audio and visual content that further builds upon the Council's 65-year history and reputation as a leader in safety and injury prevention; all while adhering to brand standards.

You will work alongside other Council staff and others to promote a positive public image for the Council as we lead the transformation of Saskatchewan to become a *Centre of Safety Excellence*.

Responsibilities: Digitally capture videos, still photos, and audio content.

Transport, setup, and operate video cameras, audio, and lighting equipment. Assist in staging, set, prop, and site preparation.

Provide direction to subjects in a courteous and professional manner.

Other related responsibilities and duties as assigned.

Notes: As Council efforts are aimed at both community and workplace audiences, the Communications Specialist will be called upon to work some evenings and/or weekends.

Successful applicant must possess a valid Class 5 driver's license and have a reliable vehicle available for work usage. A satisfactory driver's abstract and criminal record check will be required.

At the Council, we strive, not just to meet minimum standards but, to achieve excellence and help shape new best practices. All Council personnel must continuously demonstrate honesty, integrity, and mutual respect, in all activities done in the name of the Council.

Please apply with a resume and cover letter to hr@sasksafety.org. Clearly articulate how your relevant experience, education, and skills combine to make you an ideal candidate for this role on our team. Only those selected to continue in the recruitment process will be contacted.

Please include a link(s) to a current portfolio of work that appropriately exhibits your capabilities.

About the Saskatchewan Safety Council

The Council, a non-profit registered charity, offers a competitive salary and benefits befitting skills and experience.

Vision

The Saskatchewan Safety Council's vision is "Creating a safer Saskatchewan to live, work and play."

Mission

The Mission of the Saskatchewan Safety Council is "Working Together to Achieve a Safe Saskatchewan."

The Saskatchewan Safety Council believes in building strong relationships with businesses and the community to help them make safety the right choice.
