

Engagement Coordinator

Title: Full-Time Engagement Coordinator **Location:** Regina, SK

Reports To: Director of Development

Introduction: The successful execution of a positively memorable event today requires more than the ability to book a venue and choose the menu items; it necessitates continuous engagement with all stakeholders from the time there is a sensed interest in participation or attendance to the layers of follow-up that last well beyond the end date.

Council events take many shapes, from small in-person classroom training sessions and webinars to large conferences, seminars, and tradeshow participated in by hundreds of attendees and simultaneously delivered via live broadcast to remote participants.

The skillset for such a role involves not only excellent organizational skills but also an insatiable desire to learn about and stay on top of technologies that will create an engaged customer experience that is equally satisfying for those both in-house and online; before, during, and after an event.

Responsibilities: While adhering to budgets and allotted costs, the Engagement Coordinator is responsible for the planning and timely execution of, and/or participation in, both internal and external events that align with the Council's vision.

Participate in the selection and scheduling of required resources.

Lead event-related communications leading up to, during and after events. This typically involves promotional activities, event reminders, social media interaction during events when applicable, and follow-up communications.

Participate both directly and indirectly in efforts to promote, fundraise and secure sponsorship for events.

Maintain relationships with event sponsors, volunteers, and steering committee members.

Other related responsibilities and duties as assigned.

Qualifications: Applicants should be prepared to discuss their approach and personal philosophy to successfully planning events and creating the best possible customer experience during them.

Knowledge of project management systems and customer relationship management platforms are beneficial, as is a related education in communications, marketing, and public relations.

Experience with live event production software, streaming platforms, event apps, and social media (as it relates to events).

Notes: As Council events are participated in by both the community at large, and as a part of workplace activities, the Engagement Coordinator will be called upon to work some evenings and/or weekends.

Successful applicant must possess a valid Class 5 driver's license and have a reliable vehicle available for work usage. A satisfactory driver's abstract and criminal record check will be required.

At the Council, we strive, not just to meet minimum standards but, to achieve excellence and help shape new best practices. All Council personnel must continuously demonstrate honesty, integrity, and mutual respect, in all activities done in the name of the Council.

Please apply with a resume and cover letter to hr@sasksafety.org. Clearly articulate how your relevant experience, education, and skills combine to make you an ideal candidate for this role on our team. Only those selected to continue in the recruitment process will be contacted.
