

# FREE ONLINE TRAINING

## Safety Training Doesn't Have To Cost You Money!

### Fall Protection Training

Provides participants with current information on industry best practices and legislative minimums. By the end of this program participants will know how to exercise the hierarchy of controls including fall prevention, fall restraint, and fall arrest in varying situations.

### Ground Disturbance for Saskatchewan Workers

Aims to raise the awareness of both new workers and youth to the existence of underground or soil-related hazards, therefore reducing the number of incidents due to underground utility strikes or soil collapse.

### Hearing Protection Training

Reveals that noises are, in fact, controllable with the proper training and safety measures in place. By understanding how to control them, participants can learn to significantly decrease the risk of injury to everyone in the workplace.

### Mental Health Wellness Resiliency

The Council's online mental health program empowers participants to improve their own mental well-being. Through learning how to leverage the power of the body's response to stress and by practicing specific lifestyle habits, learners can elevate their health and performance, while effectively managing high levels of stress.

### New Worker Readiness Program

New Worker Readiness is designed to help new workers understand employment in Saskatchewan by providing knowledge of their legal rights, workplace responsibilities, and information on workplace health and safety, while also serving as an introduction to hazard recognition and risk assessment.

### Respiratory Protection Training

Helps workers understand: The anatomy of the respiratory system and how the system works; Respiratory hazards that exist in the workplace and the effects they can have on our health; How to protect against respiratory hazards; Roles and responsibilities.

### Safe Gravel Travel

The Safe Gravel Travel program provides an overview of safety best practices when it comes to traveling on graveled roadways.

### Safe Trailing

Safe Trailing covers topics such as: load distribution, reversing, vehicle inspections, and general best towing practices.

### WHMIS

Provides participants with an introductory education on identifying, handling, and storing of a regulated material, and reduces the chance of an incident causing harm.

### Retail Safety Training

This training provides the necessary information to help retail workers make safe choices and includes topics such as Understanding Best Practices; Identifying Hazards and how to Eliminate them; Identifying Ways to Reduce Risks; and Understanding Emergency Response Situations.

All programs are specifically designed by industry safety experts to address the most common injuries to new workers.

We would like to thank the following multi-year organizational-level sponsors:

# FEE-FOR-SERVICE TRAINING

**In-Person Training, On-line Webinars,  
& Blended Learning Programs**

## TRAFFIC

- Defensive Driving for Passenger Vans
- **In-vehicle Driving Assessment**
  - Motorcycle
  - Safe Backing
- **Safe Saskatchewan Driver Enhanced (PDIC)**
  - School Bus Driver Safety
    - Trailer Safety
  - Winter Collision Avoidance

## POWERED MOBILE EQUIPMENT

- Aerial Work Platform
  - ATV / UTV
  - Forklift
- Mower & Ride-on Equipment
